

The Bookkeeper's Corner

MAY 2023

MAYbe it's time to take a month off...

Feeling beat after tax season? You're not alone! After busy season, I'm simply in my *less-busy* season!

Over the next few months, I'll be helping new clients get caught up with their bookkeeping, doing tax planning and spending a little extra time with my kids over the summer. We'll also be doing some 4-wheeling, camping and spending time at the lake.

I also want to take this chance to say **THANK YOU** to all of our clients for making this spring such a success!

MAY 29

Memorial Day

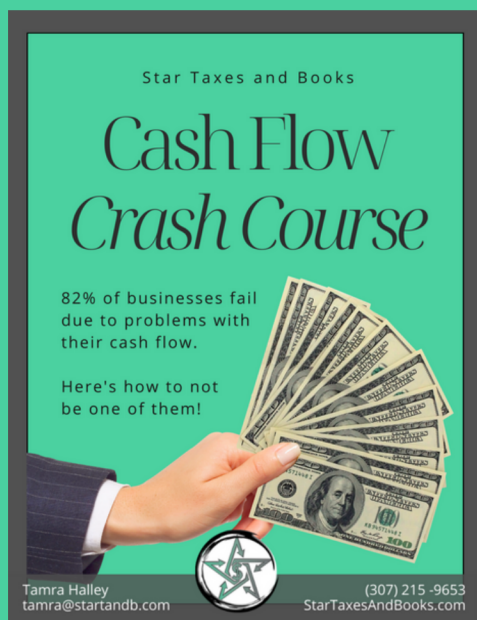

Feeling the *cash flow* crunch?

Struggling to manage your cash flow after tax time is super common - especially if you get hit with your current year taxes and Q1 estimated tax payments at the same time!

I've put together a FREE Cash Flow Crash Course with tips to help improve your monthly cashflow and keep your business in the green!
